

I Spy With My Fishie Eye Resource Guide

This activity allows children to explore and recognise various marine animals and their unique characteristics. Children will exercise their numeracy, colour and shape recognition skills while having fun searching for the animals!

Age Group:

- 2 - 6 years old

Learning Objectives:

- Identify 5 marine animals by their shapes and patterns
- Identify and draw shapes
- Count up to 10
- Recognise primary and secondary colours

Materials:

- Instructional Sheet
- I Spy With My Fishie Eye Activity Sheet
- Fun Fact Cards

Procedure:

1. Introduction to the topic
 - Introduce and engage children with the 5 different animals using the Fun Fact Cards.
2. Work on I Spy With My Fishie Eye Activity Sheet
 - Print out the I Spy With My Fishie Eye Activity Sheet.
 - Using the Instructional Sheet, choose a difficulty level (1 being the easiest, 3 being the hardest).
 - Start off the activity by saying "I spy with my fishie eye..."
3. Recap the activity
 - Ask children to name their favourite animal and discuss why.
 - Count the total number of their favourite animal found on the activity sheet.
 - Find out more about the marine animal to further their learning.

<p><u>Clownfish</u></p> <ul style="list-style-type: none"> • Find three clownfishes • Colour them in orange 	<p><u>Clownfish</u></p> <ul style="list-style-type: none"> • Find five clownfishes • Colour two in orange and the other three in blue 	<p><u>Clownfish</u></p> <ul style="list-style-type: none"> • Find the clownfishes • Colour five in orange with black stripes • Draw a green triangle around the remaining clownfishes
<p><u>Sea Star</u></p> <ul style="list-style-type: none"> • Find two sea stars • Colour them in red 	<p><u>Sea Star</u></p> <ul style="list-style-type: none"> • Find all the sea stars • Count and colour them in red 	<p><u>Sea Star</u></p> <ul style="list-style-type: none"> • Find an animal that has five arms with spots on its body • How many are there? • Colour them in red and draw a purple star around them

Tiger Tail Seahorse

Hippocampus comes

I do not have teeth!
I suck in food using my
straw-like mouth.

14.8 cm

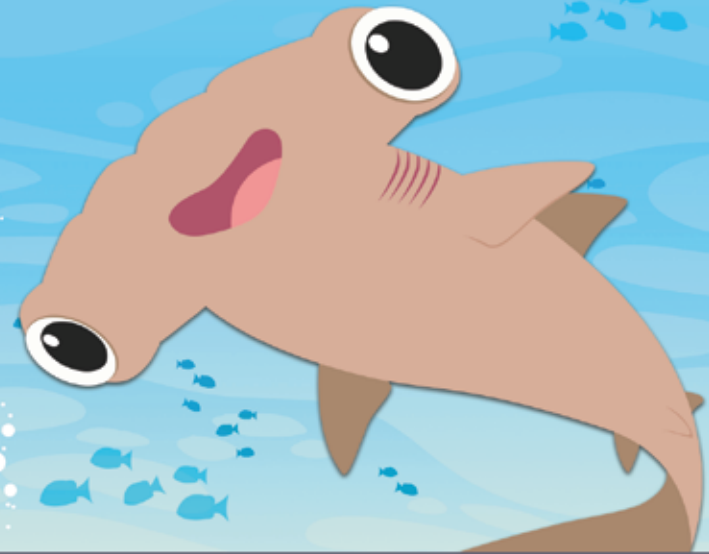

Zooplankton

Scalloped Hammerhead Shark

Sphyrna lewini

My eyes are found on the
sides of my wide head.
They help me see almost
everything around me!

3.7 m

Fish,
Squid

Reef Manta Ray

Manta alfredi

The patterns on my belly are special to me, just like your fingerprints!

3.5 m

Krill,
Zooplankton

Percula Clownfish

Amphiprion percula

My body is covered with a layer of mucus. It protects me from the stings of my anemone home!

7.6 cm

Algae,
Zooplankton,
Small crustaceans

Chocolate Chip Sea Star

Protoreaster nodosus

I push out my stomach to cover and bring food into my body!

15 cm

Shellfish
Algae
Coral
