ESPA at Resorts World Sentosa offers Singapore's First Spa Holidays

SINGAPORE, 15 MAY 2013 – Award winning ESPA at Resorts World Sentosa (ESPA at RWS) has launched holistic lifestyle retreats with customized itineraries to help guests achieve their health and wellness goals.

Ranging from one to three night stays at Resorts World Sentosa's latest hotels, the Equarius Hotel and Beach Villas, the retreats offer guests personal consultations with the ESPA's specialist team of naturopaths, therapists and personal trainers.

Each guest is given a personalised programme consisting **ESPA's signature spa treatments** such as its massages and Hammam, **fitness and wellness activities** such as Tai Chi, aqua aerobics, yoga, cookery and beauty workshops, as well as **spa cuisine** whipped up by celebrity chef couple Sam Leong and his wife Forest. Guests are also given unlimited use of ESPA's facilities, which include an extensive range of hot and cold pools, a cutting-edge gym and a picturesque relaxation lounge.

Besides taking a break from the daily grind, guests to the retreats could choose from four other retreat goals: Fit for Life, Weight Management, Intro to Detox and De-stress.

"Being the largest spa facility in Singapore at 10,000 sqm, these spa holidays hope to let guests enjoy its facilities and tap its expertise to the fullest", said Ms Laura Vallati, General Manager, ESPA at RWS.

"We are located in a lush green setting next to a rainforest, in close proximity to luxurious hotel accommodation, and have celebrity chefs Sam and Forest helming our restaurant Tangerine. For all these reasons, we feel that it will be a shame not to offer our guests the chance to experience a spa-cation right here, in Singapore.

We are the first destination spa in Singapore, so it's our responsibility to bring balance back into the image of Singapore as a frenetic city," Ms Vallati added with a smile. "Visitors and residents know that in the span of a cab or bus ride to RWS, they can press 'pause', reconnect with themselves and leave RWS re-energised."

Susan Harmsworth, MBE, CEO and Founder, ESPA said, "ESPA was born from a deep rooted belief that in order to progress with pace, one needs to stop, recharge and reconsider. This philosophy is central to the holistic lifestyle retreats we have launched at our Asian flagship spa at RWS."

Less than a year since its opening on 6 July 2012, ESPA at RWS has been named 'Best Luxury Emerging Spa – Worldwide', Best Luxury Destination Spa – Singapore' and 'Best Luxury Resort Spa – Singapore' by the prestigious World Luxury Spa Awards, a great recognition in the spa industry.

It also recently relaunched its restaurant Tangerine, with spa cuisine by Sam and Forest Leong working alongside ESPA's in-house nutritionist. Guests can eat, with no guilt, dishes such as the Wild

Pepper Leaf Wrap of Mixed Revitalising Herbs and Walnuts which is rich in anti-oxidants to strengthen the immune system; the Oriental Herbal Chicken Soup with Cordyceps Flower which promotes blood circulation; and the Barley Porridge with quinoa and seafood, a dish stewed in chicken's essence and an excellent source of dietary fibre.

Prices for ESPA at RWS's Lifestyle Retreats start from S\$718++ for a 1-night retreat for one person, inclusive of room, spa treatments and three meals. For reservations or more information, please contact +65 6577 8899, email reservations@rwsentosa.com or visit www.rwsentosa.com/ESPA.
