**SINGAPORE, 9 April 2015** – Genting Hotel Jurong (新加坡云顶裕廊酒店), the first major hotel in the growing Jurong Lake District, will have a soft opening from 30 April 2015. Located along Jurong Town Hall Road, the 557-room hotel enjoys a prominent location in close proximity to the International Business Park, the Jurong East Bus Terminal and Mass Rapid Transit station as well as popular shopping malls.

Genting Hotel Jurong is set to infuse new energy and vibrancy into this thriving business and lifestyle hub. Being the first major distinguished hospitality product in the Jurong Lake District, this new gem of the West enjoys first-mover advantage as the area develops into a stunning lakeside destination for business and leisure.

Mr Chow Keng Hai, Vice President of Rooms, Resorts World Sentosa (RWS) [周经泰, 客房部副总裁, 圣淘沙名胜世界], said: “Genting Hotel Jurong will boost RWS’ room inventory significantly and forms part of our business strategy to drive greater visitorship to RWS. It also allows us to be part of the exciting transformation that is taking place at the Jurong Lake District. The Singapore government’s development plans to revitalise the area into a stunning lakeside destination for business and leisure, bode well for Genting Hotel Jurong. Designed for both leisure and business travellers, we are confident that this functional and eco-friendly hotel will continue to garner the enthusiastic interest that it has received from the corporates situated in the vicinity so far.”

#### ***Hotel facilities***

Genting Hotel Jurong features sleek architecture, with clean-line furnishings livened up by vibrant dashes of colour. Hotel guests can relax in the perfect accommodation for their staycations or vacations. The three room types include tastefully designed Superior and Deluxe Rooms as well as Suites.

Each well-appointed guest room comes with complimentary WIFI access, flat screen TV, USB charging sockets and other amenities. Guests can also enjoy facilities like a self-service laundromat, a gym, a swimming pool and Festive Café, as well as the service excellence that is synonymous with the Resorts World and Genting brands.

Genting Hotel Jurong is well-equipped with MICE facilities, including the versatile and functional Genting Ballroom that can be partitioned into three sections for greater flexibility. Featuring a high ceiling with ample natural light, the pillar-less ballroom spans 426 square metres with a capacity of up to 300 guests, making it the perfect venue for seminars and conferences, corporate luncheons, dinner and dance events, as well as wedding banquets. The equally versatile five meeting rooms at the hotel offer natural daylight and flexible layouts to accommodate various needs. For a different

experience, the hotel's sky lounge located at the roof-top with an adjoining lawn is perfect for intimate receptions and parties.

***'Hotel in a garden' setting***

In keeping with the lush greenery and tranquil environment of Jurong Lake, Genting Hotel Jurong has incorporated the theme of "a hotel in a garden" into its design. Its roof-top garden and sky terrace offers expansive views of the Jurong Lake District. Most of the hotel façade is North and South facing to minimise heat gain. In addition, as part of the hotel's green efforts, a rainwater collection system has been implemented to reduce water consumption for irrigation purposes. Recycling bins are available to encourage recycling.

Well-connected by expressways and public transport, Genting Hotel Jurong is only a 15-minute drive from the Tuas Checkpoint, a 25-minute drive from RWS and a 40-minute drive from Changi International Airport.

Hotel guests can ride the complimentary 24-hour shuttle bus that runs continually between Genting Hotel Jurong and RWS.
