Singapore Residents can purchase a one-day adult ticket at only S\$68 and receive a 10% discount on Jurassic World merchandise**. Thrill-seekers can continue their adventure on adrenaline-filled rides and world-class attractions at the theme park such as Jurassic Park Rapids Adventure, Canopy Flyer and many more.

Jurassic World: Roar!

Headlining the event is an all-new live action show titled “Jurassic World: Roar!” which brings guests up close to the park’s amazing prehistoric predators. Set against a colossal Hollywood Lagoon Stage – the largest ever built for a daytime show in the theme park – guests will be thrown into the thick of the action as voracious Velociraptors, swooping Pteranodons and the mighty T.rex escape containment and wreak havoc on the streets of Hollywood right before the eyes of the audience. As Universal Studios Singapore’s most action-packed summer production, this stunt-filled show promises to be an intense and exhilarating dinosaur adventure for guests.

Raptor Training School

Courageous Jurassic World fans can finally learn some of the unique skills required to train a dangerous raptor by registering for the Raptor Training School – a one-of-a-kind experience where participants can come face to face with a Velociraptor! This latest programme aims to educate young dinosaur fans on the importance of communication, respect and appreciation between a raptor and its trainer. During the 20-minute session, participants will meet Wyatt, the resident raptor trainer, who will teach them the handling skills to work with these intelligent predators.

Jurassic Encounter

Future paleontologists and dino enthusiasts can head to the New York Public Library and interact with dinosaurs on the big screen thanks to the magic of augmented reality. Guests will get to see themselves on-screen standing side-by-side a gigantic T.rex, Triceratops and other magnificent dinosaurs in close proximity.

Hatched! Featuring Dr. Rodney (mainstay attraction launching 29 June)

The park is brimming with anticipation as it awaits the hatching of its latest baby Velociraptors! Join Dr. Rodney as he transports his precious cargo of eggs to the park’s nursery. Lucky guests may even get a chance to witness up-close a baby Velociraptor as it hatches out of its egg – a truly once-in-a-lifetime event of prehistoric proportions!
