SINGAPORE, 9 September 2024 – From **12 September**, Genshin Impact fans and visitors to the aquarium alike will be able to embark on the **Teyvat SEA Exploration**, marking the first-ever collaboration between the renowned open-world adventure role-playing game and an aquarium. This groundbreaking experience blends the fantastical world of Genshin Impact and its region of Fontaine, with the beauty of marine life at S.E.A. Aquarium (S.E.A. 海洋馆).

This collaboration is timely as Genshin Impact has recently introduced the captivating character, Sigewinne. The immersive marine environment at S.E.A. Aquarium mirrors Fontaine's water-rich landscapes and Sigewinne's connection with the ocean, offering fans an authentic and interactive experience that brings the game's aquatic region to life. It offers S.E.A. Aquarium a unique opportunity to connect with an even more diverse audience, while furthering its mission to foster a greater appreciation of the ocean and for its conservation.

Teyvat SEA Exploration combines Genshin Impact elements with real-world marine wonders through various experiences such as visual arts, cosplay, themed food and beverages and an interactive stamp rally that encourages visitors to explore the beauty of ocean life while learning about the importance of marine conservation.
