

# Follow this map to look us up!

- 1 Shark Seas Habitat**  
Home to over 100 sharks of 12 species, including Hammerheads and a 3-metre long Nurse Shark!
- 2 Live Coral Habitat**  
Watch small colourful fish dart in and out between vibrant live coral!
- 3 Central and South American Habitat**  
A freshwater exhibit with rock formations, featuring Wild Discus and Angelfish.
- 4 Open Ocean Habitat**  
Home to 40,000 fish of 120 species, including Manta Rays, Groupers and other giants of the sea!
- 5 Schooling Fish Habitat**  
Watch Indian Mackerel and Yellow Striped Scads swim in schools around this habitat!
- 6 Coral Garden Habitat**  
More than 5,000 fish of over 110 species live in this reef.
- 7 Shipwreck Habitat**  
A sunken ship where schools of fish find shelter within and to make themselves at home!

## Reef Manta Ray

I am "belly" special. I have spot patterns on my belly, as unique as human fingerprints.

## Sea Nettle

Don't come too close! My trailing tentacles are covered with stinging cells to catch tiny drifting animals.

## Indo-Pacific Bottlenose Dolphin

I have my own "signature whistle", and I respond to my friends' whistles by whistling back.

## Clownfish

Sea anemones and I have a special relationship. I remove their parasites by eating them, and the sea anemones protect me from predators.

## Seahorse

I'm a swimming vacuum cleaner. I suck up tiny animals with my snout.

## Giant Moray Eel

I have "Alien" jaws – a second set of jaws in my throat that launches forward to grab prey.

## Hammerhead Shark

Don't try anything funny behind my back. I have 360-degree vision.

## Nurse Shark

My friends and I sometimes pile on top of one another when resting on the seabed.

### Tips & Information

#### PHOTOGRAPHY TIPS

Flash photography is not required as the specially designed ambient lighting inside S.E.A. Aquarium enables you to take the best possible shots.

#### RE-ADMISSION

For same day re-admission, you must present your S.E.A. Aquarium admission ticket and hand stamp.

#### NURSING ROOM

The nursing room is located at the left side before you enter S.E.A. Aquarium.

#### BAG CHECKS

For your safety, all bags and other belongings may be subjected to screening at the Aquarium's entrance.

#### HEALTH SERVICES

If you fall ill during your visit, you are encouraged to approach any member of our staff for assistance.

#### SHOPPING

Take home lasting memories of your visit at our gift shop. Choose from fun keepsakes, apparel, toys, and a whole array of other gifts and souvenirs to share with family and friends.
