Resorts World at Sentosa Secures Financing For Its Integrated Resort Development

Singapore, 11 February, 2008 – Resorts World at Sentosa Pte Ltd (RWSentosa) announced today that it has secured S$4 billion credit facilities for its integrated resort development, Resorts World at Sentosa (RWS), in Singapore.

The credit facilities would fund two-thirds of the company's S$6 billion project cost, with the remaining to be funded through equity raised from RWSentosa’s parent company’s, Genting International, successful rights issue in 2007. The credit facilities were obtained on 6 February 2008.

Five local and international banks - DBS Bank, Oversea-Chinese Banking Corporation, Hongkong and Shanghai Banking Corporation, Royal Bank of Scotland and Sumitomo Mitsui Banking Corporation - will underwrite, bookrun and arrange the syndication of the loan, which tenure extends to end 2015. The syndication will be among the largest ever undertaken in Singapore.

RWSentosa's chief executive Tan Hee Teck said: “We are very happy with the terms of the agreement but more importantly, we are gratified by the partnership of the banks, which have shown us incredible support. Amid the turmoil in the global credit markets, they have given us a resounding vote of confidence.

“We have covered many milestones in the 14 months and are on track to opening in early 2010. We promised Singapore a destination that will put it on the global tourism map and we are on our way to delivering that.”
